**CAREER &
PROGRAM
SERVICES**

Computer Basics

June 3rd | 10am-11am

Macedonia Family Resource Center • 401 Lake Avenue, High Point

Join Triad Goodwill's Digital Navigator for a one-hour digital training session, focused on computer basics.

Workshop attendees will learn the fundamentals of computer operation. This individualized session will help attendees:

- Navigate basic computer operations
- Troubleshoot digital challenges
- Address daily technology needs on the computer and phone

Attendees can also be connected to other Triad Goodwill services and programs, including, but not limited to, online learning, 1-on-1 coaching, case management, etc.

Register here!
